GARDEN CLUB MENTORING SCHEME

Those of you who entered the Show last year will remember Lynda Pewsey who won a huge number of prizes. Lynda is greatly reducing her entry this year and has kindly offered to help anyone needing advice about their entries.

Lynda can be reached through our website www.bovey-gardeners.org.uk. Just click the "Contact Us" tab and you will find an email link to Lynda under "Membership Matters".

Alternatively, put a note to say you are interested through my door (Show Secretary) and I will make sure you are put in touch with Lynda or another gardener who can help you.

AWARD OF BANKSIAN MEDAL

The Bovey Tracey Garden Club will be awarding an RHS Banksian Medal to the entrant winning most points in the horticultural Divisions (i.e. Divisions A, B and C).

The medal cannot be won by the same person more than once in three consecutive years, so there is no danger of the same person winning it year after year.

The medal will be awarded at the Prize Giving at the end of the Show, and unlike our trophies, will be kept by the recipient.

For queries related to the Schedule, please contact the Show Secretary, Marion Edwards (01626 832811).

1. Entry fees are 20p per entry, except that junior (i.e. 16 years and under) entries are free.

8. The Committee is not responsible for damage to, or loss of, any exhibit.
9. Any protest in regard to judging must be handed to the Show Secretary in writing (a form is available from the Show Secretary) before 3.00 pm on the day of the Show, with a deposit of £2, which will be refunded if the protest is upheld.

14. Subject to the above, all trophies are the property of the Club, to be held for one year, and returned 28 days prior to the next show, as clean as you can make it or them please.
15. If you wish to have a trophy you have won engraved, you must have this done professionally.
16. Exhibits must not display "for sale" signs.
17. Unclaimed non-consumable exhibits will be held by the Secretary for one week, after which they will be disposed of.

Rules versus Hints

Please be aware that you must comply with the Rules or risk a NAS (not according to schedule) note on your disqualified entry. We do not wish to disqualify anyone so please ask a steward if you are uncertain.

Hints are intended to help you. In the event of two equally good entries, the one which has followed the relevant hint is likely to be awarded the prize. The judge has the final decision.

Exhibitor Hints

General

For expert hints try the Horticultural Show Handbook or The Great British Village Show (both published by the RHS). Also lots of information available online. Have a look at our website: www.bovey-gardeners.org.uk and our Facebook Page: Bovey Gardeners - BTHS.

Vegetables

Beans, broad, French or runner: Fresh pods of uniform colour. Stage with pods on a plate, or directly on the bench, with a portion of stalk attached.

Beetroot: Of even size, for round varieties between 50 and 70 mm. For long varieties, straight, even and well developed. Trim foliage to approximately 60 mm.

Cabbage: Firm heads, uniform size, should be shown with an approx. 75 mm stalk.

Carrots: Select uniform roots of good colour. Leave approximately 60 mm stalk.

Leeks: Of uniform size and length, and solid. Tie leaves neatly.

Onions: Uniform, well-ripened bulbs of good colour. Tops should be tied or whipped with uncoloured raffia, and the roots neatly trimmed back. May be placed on rings or soft collars.

Pickling onions should not exceed 30 mm diameter, and necks should not be tied or whipped.

Potatoes: Medium size, matching for shape, shallow eyes, clear skin.

Shallots: As for onions, but stage on dry sand or similar. For pickling should not exceed 30 mm diameter.

Exhibitor Hints continued ...

Tomatoes: Select for right shape, size and colour for the cultivar. Aim for uniform firm set with small eyes and firm, fresh calyces. Stage on a plate with calyx uppermost.

Fruit

Apples and similar shaped fruits: should be of average size for variety, and of good colour. Stage with the eye upwards, stalk downwards, one fruit in centre and the others round it.

Berries: On a plate, stalks and calyces intact.

Rhubarb: Leave a fan of leaves. Toe present.

Flowers

At all times the quality of the bloom must be the first and chief consideration, and this will override size. With cut flower exhibits, aim for neatness and uniformity, and to ensure freshness cut in the evening before the Show and leave overnight in a cool place up to their necks in water. Note particularly the quantity required in the class. Exhibitors may name the cultivar exhibited if they wish, but this is for general interest only, and not a requirement.

Preserves

Jam, curd and marmalade: Jars must be labelled and dated. There is more advice about lids for preserves on our website.
